

# July/August

## News at Pymble Dental Practice

### New Arrival

David and his wife Annabelle welcomed Isabelle into the world on the 1<sup>st</sup> of June. Both Isabelle and Annabelle are fit and well, despite the usual lack of sleep.

### Opening hours and online bookings

To cater to the busy schedules of many of our patients, we are available Monday to Saturdays, and a late evening on Thursdays. Our website now has the option of online bookings should you wish to find a suitable time to come and see us.

### Parking and wheelchair access.

Our lovely new location is on the corner of Grandview and Station streets. Our parking bay is entered from the Station street side, whilst we have a wheelchair entrance (with no steps) from the Grandview Street side.

### Further Studies

Dr Farrington has finished his Graduate Diploma of Clinical Dentistry in Oral Implants at Sydney University, building upon his previous experience and education in dental implants.

Kind regards,

**Dr David Farrington**
